

'Our Voices Heard' wants to hear from children and young people with a special educational need and/or disability, who live in Solihull, between the ages of 0-25. Your voice should be listened to, and you should be involved in what is happening in your lives, now and in the future.

We will support you to have your voice heard that could make positive changes to current and future services. We would like to talk to as many children and young people as possible.

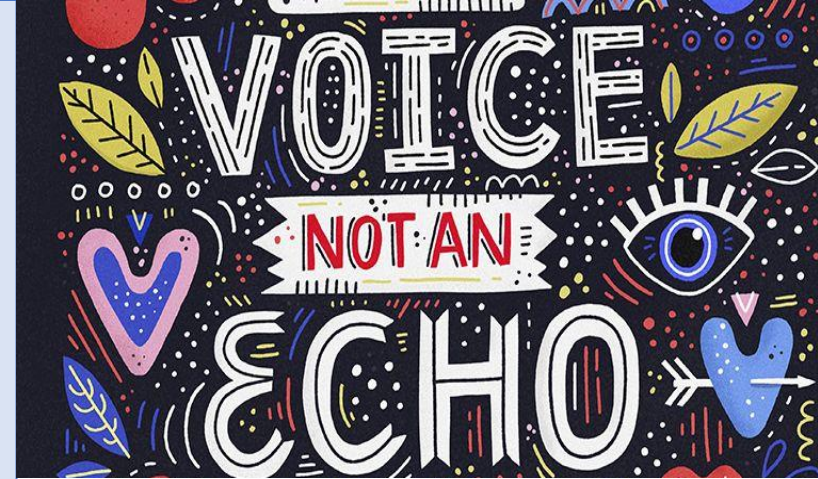

We are looking for 'Our Voices Heard' ambassadors and children/young people who would like to be involved in this project.
